12. ALTERNATOR REGULATOR ALTERNATOR RECTIFIER

The high heat environment places an enormous burden on the individual components of an alternator. KOREASTAR alternator regulator is built specifically to withstand the harsh condition of excessive heat and electrical demands.

13. FAN & MOTOR ASSY-RADIATOR FAN & MOTOR ASSY-AIR CON (CONDENSER)

KOREASTAR Fan Clutch is designed to engage when the engine and radiator get up to or over operating temperature.

At startup when the engine is cool or at highway speeds the fan clutch is designed to disengage to help efficiency of the engine.
